Grant and Fellowship Program

The Haynes Foundation has been a force for change in the Los Angeles Region (comprised of the counties of Los Angeles, Ventura, San Bernardino, Riverside, and Orange) for over nine decades, and from its beginnings has focused attention on issues of Los Angeles government and civic causes. The Foundation's founders, Dr. John Randolph Haynes and Dora Haynes, were passionate advocates of involved citizenship who believed that through social science research the Foundation not only could identify critical social and political problems in Los Angeles but also offer *solutions* to them. Since the Foundation's establishment in 1926, hundreds of research projects focusing on Los Angeles issues have been funded, many of which have borne the fruit of real improvements for ordinary citizens. Awards are made only to organizations within the United States and whose endeavors are focused in or on Los Angeles. Grants and fellowships are made only to qualified non-profit organizations, never to individuals. Before contacting the Foundation regarding funding, please go to our web site at www.haynesfoundation.org and read our How to Apply, Program, and FAQ sections carefully. On-line Proposal Information Forms and Notices of Final Report are required for all grants and fellowships.

Grants

Major Research Grants

The Foundation seeks applications and awards grants and fellowships for original research on solutions to major economic, social and political problems of the Los Angeles Region. Preference is given to applied studies which, in addition to adding significantly to knowledge and understanding of issues, are judged to show promise of influencing policies and practices addressing these issues. The research project's potential for publication and its use by the community are also taken into account.

Deadlines:

October 23, 2019	August 6, 2020
March 5, 2020	November 5, 2020
May 7, 2020	

Archival Grants

A modest portion of the Foundation's annual research budget is reserved to support archival and cataloging projects important to Los Angeles. The relevance and significance of the materials to Southern California and for public policy, along with their fragility, rarity and completeness are taken into account in selecting these projects for award.
